

Ecoro International strives to provide a richer life by promoting safe and secure products based on the philosophy of **"Resolutely rejecting harmful chemicals! Protecting the global environment!"**

"Founding Story"

Our company was founded 25 years ago under the philosophy of "resolutely rejecting harmful chemicals." I have always had sensitive skin, and the more I washed my skin with commercial products, the more rough it became. Wanting to cure my skin, I read many books and visited many research laboratories, and discovered that the "harmful chemicals" and pH values contained in commercial skin care products and foods were the cause of my skin problems. I also discovered that there are bacteria on the skin that protect it, called "skin resident bacteria." As you all know, many harmful chemicals such as preservatives and synthetic colorings are used in skincare products such as cosmetics, and regulations on ingredients in Japan are much looser than in Europe and the United States, so dangerous ingredients are commonly used. The same goes for food, and unfortunately, Japan is the world's largest pesticide-producing country, so much so that it can be said to be soaked in pesticides. Now that such harmful chemicals are being used in large quantities, there is an increase in unknown diseases such as atopic dermatitis, allergic asthma, cancer, and infertility. When I learned this, I wanted to create products that do not use any harmful chemicals and are kind to people, the earth, and the future, and after much trials and errors, I was able to create completely new products that focus on amino acids, water, bacteria, viruses, and genomes.

I have developed a skin care series that does not use any harmful chemicals, a supplement series that detoxifies harmful chemicals from the body, a high-concentration silica hydrogen water series with high antioxidant power, and an NMN supplement that activates the genome, and thanks to this, many people both in Japan and overseas have used them.

"CEO's message"

For the past 25 years, we have been developing products using L-amino acids, the same as those found in the human body, without using any harmful chemicals. L-amino acids are amino acids that have a left-handed spiral structure based on the laws of the universe, and all living things on Earth are made up of these L-amino acids. The Earth itself also rotates left in space, moving at an incredible speed of 600 kilometers per second. We use the Ecoro Diffusion System, which uses products that follow the laws of the universe and AI technology, to distribute "truly healthy products" that can be used in the global market to 8 billion people around the world, earning foreign currency, and giving back to Japan by revitalizing it. We look forward to your continued support of Ecoro International.

Ecoro International
President and CEO
Masatoshi Haramura

Resolutely reject harmful chemicals

Providing safe and secure products and enriched lives to the world...

Ecology & Romantic Life International

NEW!

Certified as a member of the Japan
Breast Cancer Pink Ribbon Association!

We will continue to promote prevention activities for breast cancer, which is the cancer most commonly diagnosed among women.

NEW!

Certified as a member of
the Japan Nutrition Council!

We will continue to research food safety and functionality, and promote human health through safe and secure food.

Certified as a member of
the Japan Allergy Association!

We will continue to promote the overcoming and improvement of allergic diseases, which are now considered a national disease.

<Initiatives towards a sustainable society>

Protect the world's forests! FSC certified

"FSC" certification protects necessary forests and has the FSC mark printed on products that have no impact on the global environment.

Zero carbon dioxide emissions during product production!

We are working to reduce greenhouse gas emissions, including carbon dioxide, to virtually zero, and certified products are allowed to have the words CARBON OFF SET printed on them.

海と日本
PROJECT
NPO Umi Mirai
Homepage

We are working with NPO to protect
our beautiful ocean and its wildlife!

Marine pollution has a major impact on marine life and humans. We continue to work to improve marine pollution.

Other activities

- Supported the construction of elementary schools in villages in Vietnam and Cambodia
- Supported the construction of 60 wells and 45 toilets in villages in Cambodia
- Donated 80,000 masks to medical workers
- Donated funds to various earthquake disasters, etc.

“Cheap, mass-produced commercial products that contain "harmful chemicals" are dangerous!”

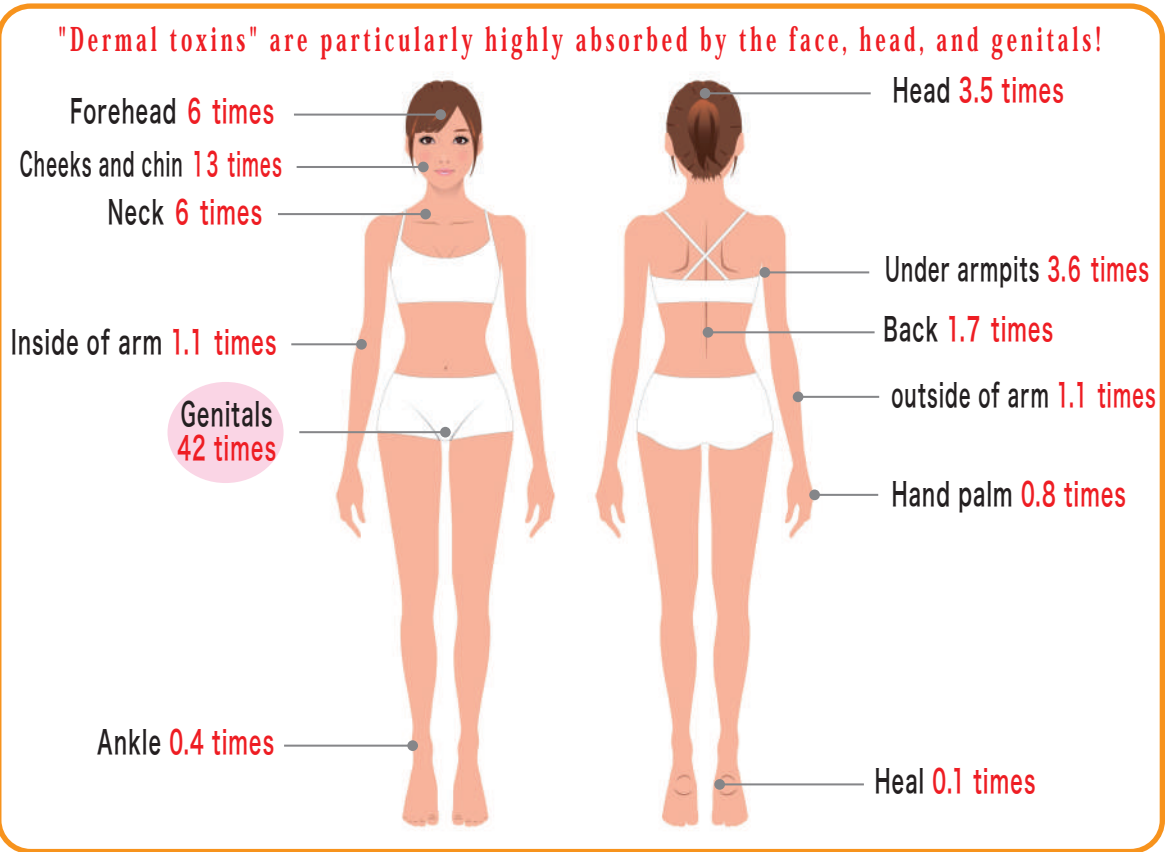

Harmful chemicals enter the body through the skin, accumulate, and have various adverse effects on the body. Harmful chemicals that enter through the skin are called "percutaneous toxins." Harmful chemicals are absorbed into the mother's womb, and dioxins and other substances can be detected in amniotic fluid and the placenta, increasing the likelihood of gynecological diseases and fetal reproductive abnormalities. In recent years, the rapid increase in the number of people suffering from gynecological diseases such as uterine fibroids, endometriosis, uterine cancer, and breast cancer is said to be due to harmful chemicals.

Dangerous!

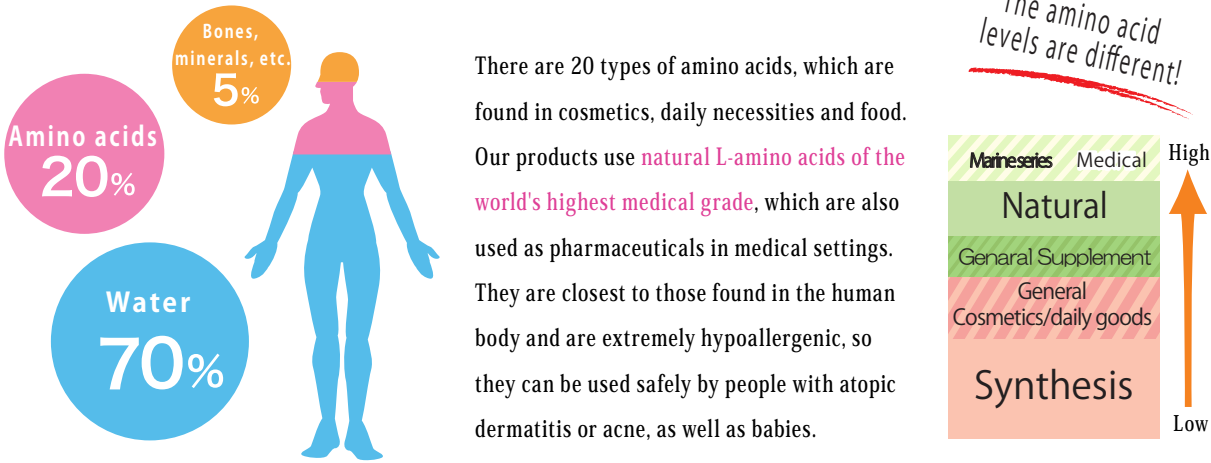

- Skincare products, supplements, and detergents made from cheap petroleum-based ingredients
- Vegetables and fruits that are treated with large amounts of pesticides
- Food additives contained in retort foods and junk foods, etc.

The cause of it all was "harmful chemicals (dermal toxins)"!

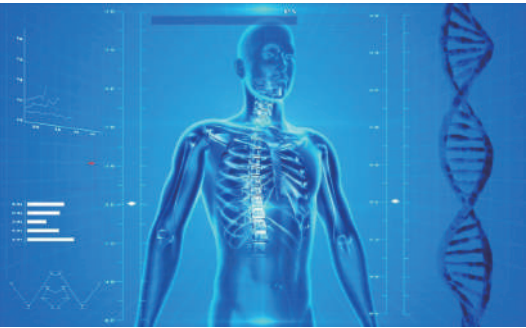

Ecoro International's products are the source of humans

A product that specializes in water, amino acids, viruses, bacteria, and genomes. The body is made up of approximately 70% water, 20% amino acids, and 5% minerals.

All of our products use natural L-amino acids with left-handed structure

Amino acids, the base of proteins that make up the human body, exist in two types: D-amino acids, which have a right-rotating structure, and L-amino acids, which have a left-rotating structure. Artificially produced amino acids are made of D-amino acids, which have a right-rotating structure. All living things on Earth, including humans, are made of natural L-amino acids, which have a left-rotating structure.

Did you know? The law of the universe is counterclockwise rotation

In fact, the Earth also rotates around the Sun counterclockwise at a speed of 600 km per second. The laws of the universe (laws of nature) are counterclockwise rotation!

The earth rotates counterclockwise

Track and field and baseball also rotate left

An unconventional manufacturing method using "medical-grade L-amino acids"!

An all-in-one gel soap that is overwhelmingly popular around the world!

The secret behind the amazing qualities of Marine Pure Crystal

- 100% "Medical L-amino acids"!** A gel soap for washing the whole body
Medical grade amino acids, which are also used to treat burns, penetrate deep into the human skin and are highly effective. Because there are no boundaries on the skin, they can be used on the hair, face, and entire body.
- Weakly acidic, with the same pH as your skin**
Healthy skin is weakly acidic, but most cosmetics on the market are alkaline, which does not match the skin's pH level and causes skin problems. All of our products are "weakly acidic."
- Cultivates resident skin bacteria**
Tens of billions of bacteria live on the surface of our skin, protecting it. Using products with antibacterial or sterilizing properties that kill the bacteria will actually worsen the skin environment. The secret to beautiful skin is to make use of and nurture the bacteria that normally reside on the skin.
- Contains marine type 1 collagen**
This is a rare collagen obtained from fish skin and bones. Since collagen derived from general animals (e.g. cow, pig, chicken, etc.) is difficult for humans to absorb, our products use marine type 1 collagen, which is highly absorbable.
- 100% biodegradable**
It is 100% decomposed naturally by microorganisms in about one week, and puts no strain on the environment. It is a product that is kind to both people and the earth.

A completely new era of skin care that cultivates skin flora (beautiful skin bacteria)

● Women's diseases are caused by a lack of "bacteria"

When the skin-beautifying bacteria disappear, the skin becomes alkaline and bacteria begin to grow. In a woman's vagina, a bacterium called Döderlein's lactobacillus keeps the inside of the vagina acidic and keeps it clean. Women who wash with a bidet on a daily basis wash away the Döderlein's lactobacillus in their vagina, which reduces resistance to germs and increases the risk of developing vaginitis. It is said that vaginitis is the cause of 50 to 60 percent of premature births and miscarriages. It is the normal bacteria on the skin that maintain the skin's barrier function and prevent the invasion of pathogenic bacteria that cause problems.

An unconventional manufacturing method using medical grade L-amino acids!

The ultimate gel soap for washing the whole body

Marine Pure Crystal

It takes four months from maturing the ingredients to making the product.

- no use harmful chemicals
- Marine type 1 collagen
- Weak acidity

Marine Pure Crystal
Product No. 110
Price: 11,000 ¥
Content: 150ml MADE IN JAPAN

"Marine Pure Crystal" is made by refining and aging high-purity medical grade L-amino acid (left-handed helix) raw material, which takes as long as four months to complete.

"Marine Pure Crystal" is made using an unconventional manufacturing method and **uses medical grade L-amino acids**. Unlike cosmetic grade amino acids, it is extremely pure and is used in burn and post-surgery recovery treatments. It penetrates deep into cells and has a variety of effects, including **skin regeneration, increased moisturizing power, hair and nail recovery and improvement, increased blood flow, and lymphatic fluid, and reduces swelling**. Medical grade L-amino acid ingredients are produced over a total of four months, with one month for purification and two to three months for aging.

"Marine Pure Crystal" does not just remove dirt from the skin and hair, but also replenishes L-amino acids to the skin and hair, revitalizing and cultivating the skin's resident bacteria, making it a "skin supplement" that goes beyond the boundaries of cosmetics, and is the only product **that can be made only by Ecoro International**.

NEW!

100% additive-free body towel Pieria now available!

Safe for people with sensitive skin and babies
The Pieria body towel is made from a special material that is softly woven with cotton, giving it a gentle feel on the skin and great lather. It's smooth and silky to wash with. It can be used by babies and people with sensitive or atopic skin.

Body towel Pieria

Marine Essence
Complex Lotion
Platinum White

Product No. 115
Price: 11,000 ¥
Content: 30ml
MADE IN JAPAN

◆ Contains anti-aging and whitening ingredient "NMN"

- By activating cells, skin turnover and regeneration are promoted, improving skin with youthful firmness and elasticity.
- Suppresses melanin production, improving skin blemishes and dullness.
- Achieves bright, translucent skin.

◆ Contains marine type I collagen, which increases firmness and elasticity

- Marine collagen is a rare collagen extracted from fish skin.
- It has a higher absorption rate than animal-derived collagen and penetrates the skin.
- The collagen content in fish is low, about 1-2%, so it is a rare raw material that is difficult to extract a large amount of collagen from.

◆ Contains the natural whitening ingredient "dipotassium glycyrrhizinate"

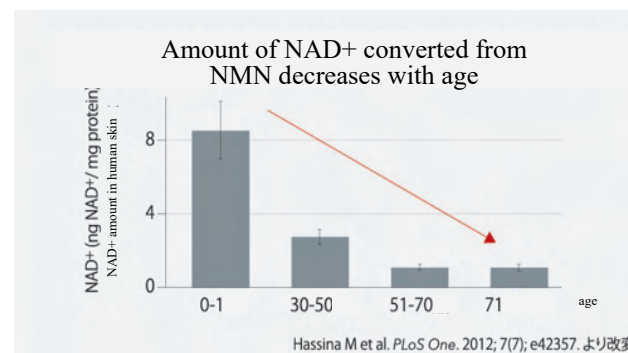

- An ingredient extracted from licorice root that has a strong beauty effect
- Prevents oxidation of the skin by removing active oxygen
- Reduces skin aging and damage, and keeps skin looking youthful

◆ What is the anti-aging ingredient "NMN"

NMN suppresses various skin deterioration caused by aging, such as wrinkles, sagging, age spots, and dullness. The sirtuin gene, which is said to be closely related to lifespan, is thought to suppress all kinds of aging factors when activated, and can be said to be the key to realizing anti-aging at the cellular level.

NMN is the activation switch for the sirtuin gene. NMN regulates skin metabolism at the genetic level, and has the effect of improving aging skin problems such as wrinkles and sagging.

Research on NMN is progressing daily, and it is attracting attention as the latest anti-aging ingredient. A research report from Harvard Medical School showed that when two-year-old mice were given NMN for one week, they had the motor skills, appearance, and cell activity levels of six-month-old mice.
※In human terms, this is a change from 60 years to about 20 years.

◆ The source of beauty! Contains 22 types of "L-amino acids" for even whiter skin!

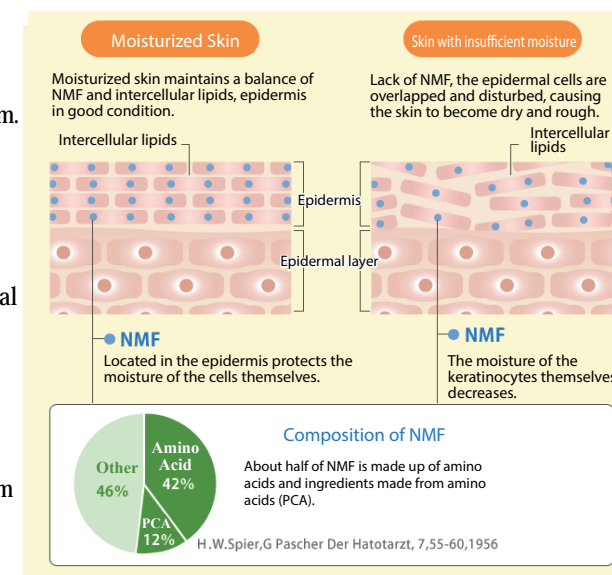

The skin naturally has the ability to produce moisturizing ingredients and store moisture within the stratum corneum.

This is made up of "natural moisturizing factors (NMF)" made from amino acids.

When there is sufficient natural moisturizing factor in the skin, it provides moisture to the skin and maintains an ideal skin barrier function.

In addition, it contains a high concentration of medically effective whitening ingredients that condition the skin from the roots, improve blemishes and freckles, and suppress melanin production.

Marine Essence Lotion Platinum White contains amino acids that protect and moisturize the skin, leading to smooth, white, beautiful skin.

Compare this melting "moisturizing power" to others

Marine Massage Cleansing Gel

It's not just for removing makeup!
A multi-functional cleansing gel

This L-amino acid makeup remover uses only natural plant-derived ingredients. High-purity amino acids protect and moisturize the skin. It leaves your skin feeling smooth after washing. Massage clockwise while using. It also has a lifting and slimming effect.

Marine Massage Cleansing Gel

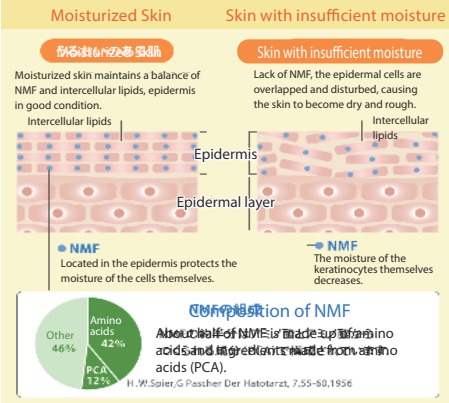

Product No. 230

Price: 6,600 ¥

Content:130g MADE IN JAPAN

Contains a luxurious blend of 18 types of beauty amino acids.
For the plump, supple skin you've always wanted!

Our bodies are about 60% water. For a person weighing 50 kg, about 30 kg is made up of water. The skin plays an important role in maintaining this moisture. Amino acids are important natural moisturizing factors (NMF) in the skin. A lack of amino acids can cause the skin to become dry, resulting in various problems.

You may not know this! The important ingredient dipotassium glycyrrhizinate gives you radiant skin!

The active ingredient, dipotassium glycyrrhizinate, is a herb that grows wild in southern Siberia and Eastern Europe, and is a natural skin-whitening ingredient. It is also known as an ingredient in traditional Chinese medicine, and is effective in suppressing inflammation and treating acne and rough skin.

No harmful chemicals

Care for redness, itchiness, and dryness with the finest amino acids.

Marine Cure Ixchel

Recommended for those who suffer from dry and itchy skin!

It contains a high concentration of Defencil, an ingredient developed in Switzerland that has not yet been released in Japan, and natural amino acids. For troubled dry and sensitive skin, the right amount of moisture and oil is important. Marine Cure Ixchel is a whole-body beauty gel cream that replenishes and maintains the right amount of moisture and oil.

Experience

- My grandson has atopic dermatitis, and I thought medicine was not good for him, so I started using this product. His skin condition has calmed down, and my grandson is happy. (Woman, 67, Yamanashi Prefecture)
- The rough skin on my elbows and heels has become softer. I'm happy that it also moisturizes my skin. (Woman, 48, Tokyo)

No harmful chemicals

Beauty ingredients included

Marine Cure Ixchel

Product No. 240

Price: 6,600 ¥

Content:60g MADE IN JAPAN

Contains no UV absorbers! Also popular with people who don't like sunscreen.

Marine UV Veil

SPF 50
PA++++

This sunscreen milk does not contain any UV absorbers, which can cause rough skin. It also contains plant beauty extracts that keep skin healthy. It blends in quickly with the skin and does not leave a white cast. It can also be used as a makeup base.

Experience

- I bought this because I heard it could be used as a makeup base. I tried it out and was happy to find that it also had great sun protection. (Woman, 29, Tokyo)
- I love using it because it doesn't turn white and is natural, and I can apply it quickly and evenly when I'm in a hurry. (Woman, 34, Nagasaki Prefecture)

Hydrogen water's power

Hydrogen is the first and smallest atom in the universe, and it penetrates every cell in the body and repels harmful active oxygen!

The power of hydrogen has been featured in numerous media outlets!

Health

Cancer/Anti-virus
Myocardial infarction/Stroke
Rheumatism/Diabetes
Gout/Dementia

For those worried about such diseases

Beauty

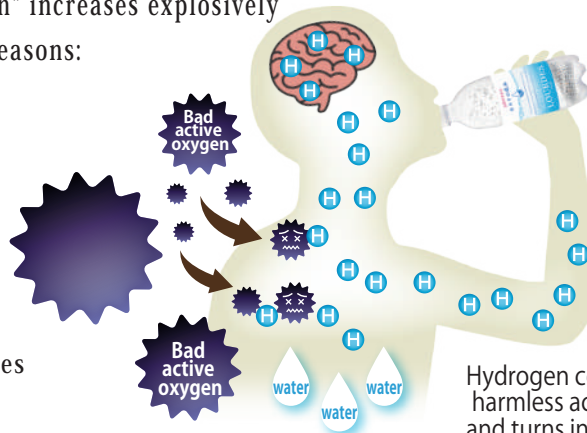

Age spots and wrinkles
Dry skin and beautiful skin
Female hormone regulation
Dermatitis and atopy

Positive results are anticipated for such issues!

High-concentration hydrogen water removes harmful active oxygen that causes disease!

The "bad active oxygen" increases explosively due to the following reasons:

- Irregular lifestyle
- Harmful chemicals
- UV rays
- Stress
- Marine pollution
- Air pollution
- Electromagnetic waves
- Cigarettes, etc.

Also good for dementia and Alzheimer's!

Hydrogen water is the only ingredient that can penetrate brain cells and remove harmful active oxygen from the brain!

Hydrogen combines with harmless active oxygen and turns into water.

Hydrogen has high antioxidant properties and boosts the body's immune system, helping to fight off aging, cancer, viruses, and more!

The effects of hydrogen are well understood!
Please check here!

(10 minutes)

The key is hydrogen concentration and continued consumption

"High-concentration silica hydrogen water, Blessings of Lourdes" contains a high concentration of hydrogen. Drinking it continuously will give you a better effect.

The concentration of hydrogen generated will decrease, so replace the capsule with a new one after approximately one month of use.

"The Blessings of Lourdes" is safe because it is made from natural minerals!

Reactive Cesium is not included

Slica's (silicon) power

It's a hot topic!
Hollywood celebrities love it

What is silica?

Silica is a mineral necessary for the cells of animals and plants. It is found in skin, bones, hair, and blood vessels, and helps maintain the flexibility of these organs. Silica is lost as we age, and is not newly produced in the body. To maintain health and beauty, it is necessary to actively consume silica!

for moisturized, smooth skin

Clean your intestinal environment

Osteoporosis and joint diseases

Emphysema

age spots and freckles

Strengthens capillaries

Diabetes

Improve sleeping quality

atopy

Reduce bone age and make you younger

Gout

Eliminate periodontal disease bacteria

Gray hair, hair loss, thinning hair

Prevents nails from cracking

Improve blood flow, arteriosclerosis, cerebral infarction

The story behind the development of the high-concentration silica hydrogen water "Blessings of Lourdes"

Lourdes is a sacred place visited by 6 million people every year.

Carefully selected natural ores extracted from mines

Carefully Selected Quality Control

Lourdes is a small town at the foot of the French Pyrenees with a population of less than 15,000, but it is a holy place visited by 6 million people annually, including Christian pilgrims. Its origins date back to 1858, when a 14-year-old girl, Bernadette, saw the Virgin Mary and, following her revelation, a spring gushed forth from a miraculous rock she touched.

The water from this spring is said to cure even incurable diseases, and tens of thousands of sick people, including pilgrims, visit the spring of Lourdes. In addition to Lourdes, there are other springs around the world that are said to be miraculous springs, and there have been many cases of people being cured of incurable diseases such as cancer, leukemia, and AIDS. These springs contain trace amounts of hydrogen, and it is thought that it is the hydrogen that has the healing effect.

Ecoro International's "Blessings of Lourdes" is based on this, and produces the highest concentration of silica hydrogen water from high-purity natural minerals, which has a variety of effects. Experienced craftsmen carve rare natural minerals and process them into ceramic balls, which are then carefully crafted one by one over a period of about three months under strict quality control.

Recognized worldwide! High concentration, high quality. The ultimate silica hydrogen water.

For those who want to stay healthy and youthful forever Support your health from the inside out!

High-concentration silica hydrogen water, the blessings of Lourdes

The world's three great miracle fountains

Hydrogen concentration in water from various regions

- France "Lourdes Spring" . . . 6ppb
- Germany "Nordenau Spring" . . . 4ppb
- Mexico "Tlacote Spring" . . . 1ppb

The three miraculous springs where all kinds of miracles happen

*The Blessings of Lourdes have the highest dissolved hydrogen concentration of 1600 ppb!

How to prepare high-concentration silica hydrogen water

- ① Rinse the capsule lightly under running water before first use.
- ② Put the capsule and about one-third of the water into the dedicated pressure-resistant bottle.
- ③ Shake well several times and discard the water. Repeat 4-5 times or more until the water is no longer cloudy.
- ④ Fill the bottle with water until the mouth is full, tighten the cap, and leave it for about 8 hours to create high-concentration hydrogen water. (Room temperature is recommended)
- ⑤ To make even more "ultra" high-concentration hydrogen water, leave it for 24 hours or more.

How to drink and precaution of use

- For best results, drink 3-5% of your body weight per day.
- People taking medication can drink this product, but please do not take it at the same time as medication.
- Drink the hydrogen water within one day after opening.
- If heating, do not boil.
- Replace the capsules approximately every month.
- Drink as soon as possible after 24 hours. Due to the high concentration, the bottle may be damaged.
- Due to the high concentration, it will deteriorate, so please replace the dedicated bottle every three months.

Tested for pressure resistance

The hydrogen concentration is completely different! Please replace it about once every three months!

Latest research!

Efficiently absorb hydrogen into your entire body!

Hydrogen bath 20 minutes = Lourdes Blessing Hydrogen Water 2 liters

It is effective against arteriosclerosis, cerebral infarction, cancer, cold sensitivity, swelling, obesity, fatigue, and skin beautifying effects!

Usage and Precautions

- ① Rinse lightly under running water when first using.
- ② Add when you start filling the bathtub with hot water. At this time, keeping the lid closed will make the solution more concentrated.
- ③ For best results, soak in lukewarm water for about 10 to 20 minutes.
- ④ After bathing, remove from the bathtub and store in a dry place.

* Replace with a new one every month.

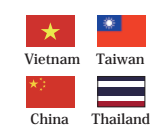

Silica Hydrogen Beauty

Hydrogen beauty mist that makes you look 10 years younger!

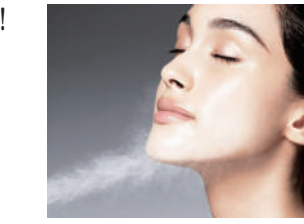

Beauty Lourdes

シリカ新配合
肌の潤い「水素」が豊富に配合
トクマリン配合
美容水素とセラミドを配合

Beauty Lourdes
Product No. 380
Price: 6,600 ¥
Content: 1 capsule
MADE IN JAPAN

Simply add capsule and water to mist bottle before use

Beauty Lourdes Bottle
Product No. 385
Price: 2,200 ¥
Content: 100ml
MADE IN JAPAN

Usage and Precautions

- ① Lightly rinse the bottle and capsule under running water before first use.
- ② Put water and capsule into the bottle and wait 15 to 60 minutes.
- ③ If the bottle is left unused for a long period of time, it will be damaged due to its high concentration, so use it frequently.
- ④ Use up within 3 days.

* Replace with a new one within one month.

For people with these worries

worried about bulging stomach

curious about the values after eating

Stress easily accumulates

worried about fat

Early spring itchy eyes

Binge drinking, overeating

<Recommended way to consume>

If you are concerned about your health, take one packet before or during a meal. If you are concerned about your health, take one to three packets a day on an ongoing basis.

It is more effective when used in combination with "Highly Concentrated Hydrogen Water: The Blessing of Lourdes."

The inside story behind the development of "D&D Plus"

The explosion of the Fukushima nuclear power plant caused by the Great East Japan Earthquake in March 2011 led to the accumulation of radiation in crops and fish, creating a food crisis. Our company is located in Tochigi Prefecture, so this was not something that only happened to other people. Immediately after the earthquake, we strongly felt that "we must develop a product that can excrete radioactive substances from the body in order to protect our bodies," and began development. However, the road to development was difficult, and it took about three years to remove 100% of the radioactive substances and reach a quality that could be recognized as a food product, and we were finally able to release it. We devised a taste and shape that makes it easy for anyone to drink, and we made it so that it not only excretes radioactive substances, but also harmful chemicals such as heavy metals and waste products. Each bag contains 100 billion lactic acid bacteria, L-amino acids, indigestible dextrin, and allulose, making it a product that not only detoxifies but also has a diet effect.

Patented Eco-Zeolite removes 100% of heavy metals and radioactive cesium

Ecoro Zeolite absorbs harmful substances that have accumulated in the body and expels them from the body, making it easier to lose weight and creating a healthy body.

It has a high detoxifying effect on heavy metals, waste, and other toxins in the body!

Graph of the amount of toxins in the body when Zeolite is ingested.

Removes 100% of cesium instantly!

| Adsorption capacity of radioactive materials in column method | | |
|---|---------------|---------------------|
| Adsorption products | Elution count | Adsorption rate (%) |
| None | 874 | |
| Zeolite D | -10 | 100.0 |
| Zeolite E | 28 | 96.8 |
| Zeolite F | 20 | 97.7 |

A radioactive cesium solution was passed through the column to adsorb CS137. After the treatment, one millimeter was taken and the radioactive level was measured, and the value was subtracted.

*Excerpt from Research Results on Radioactive Material Adsorption, Graduate Institute of Medical Science, Chiba University.

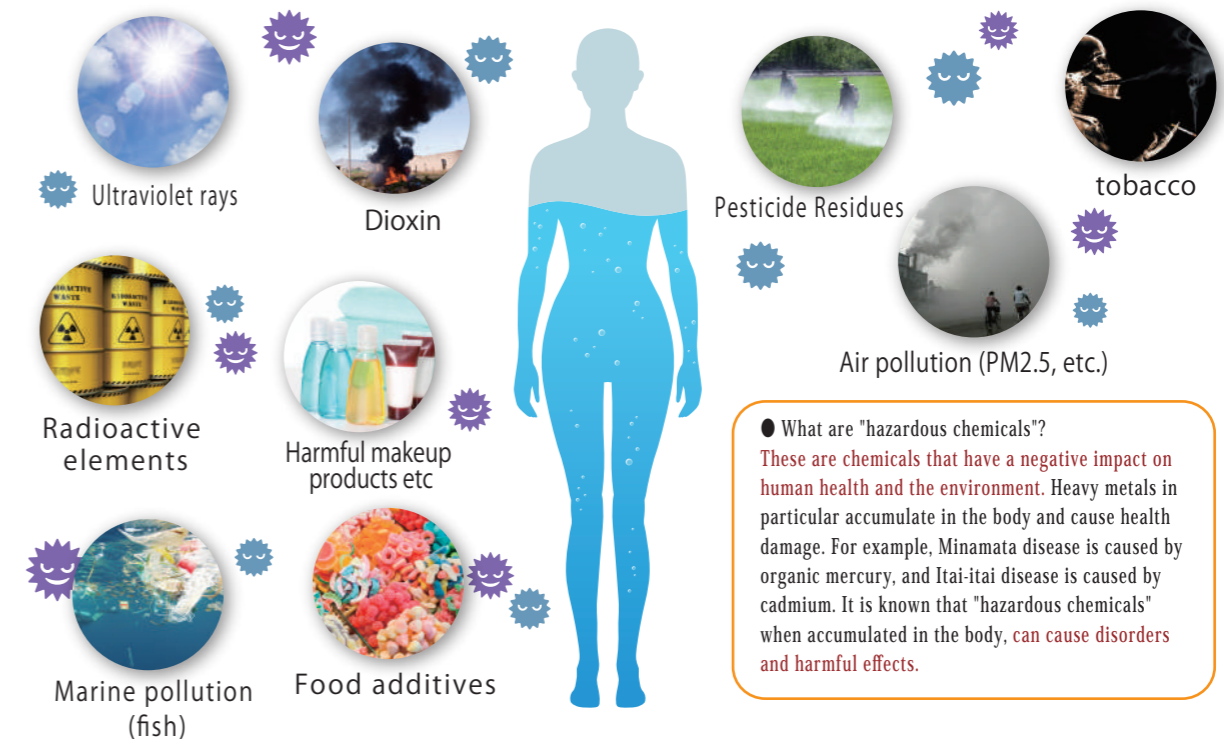

| | Liver | Breast | Brain | Total |
|---|-------|--------|-------|-------|

| Number of toxic substances before fasting after 1 week. | 88 | 115 | 124 | 372 |
| Removal rate after 1 week | 90% | 87% | 86% | 87% |
| Removal rate after 2 weeks | 100% | 100% | 100% | 100% |

Japan has the most marine and pesticide pollution in the world!

Pregnant women should be careful!

The number of chemical substances in the bodies of modern people has increased by 30,000 to 50,000 compared to 50 years ago!

We live in an age where it is important to eliminate "harmful chemicals" such as heavy metals!

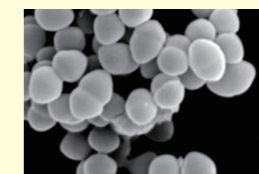

● What are "hazardous chemicals"?

These are chemicals that have a negative impact on human health and the environment. Heavy metals in particular accumulate in the body and cause health damage. For example, Minamata disease is caused by organic mercury, and Itai-itai disease is caused by cadmium. It is known that "hazardous chemicals" when accumulated in the body, can cause disorders and harmful effects.

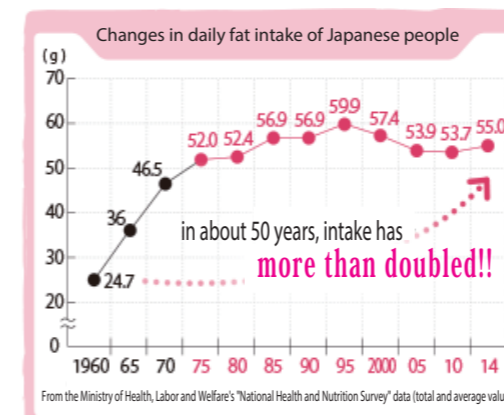

Contains 100 billion EC-12 strain lactic acid bacteria per packet

"EC-12 strain" is a new lactic acid bacterium with enhanced immunity-boosting properties. It regulates the intestinal environment, suppresses allergies, and regenerates cells. It is resistant to heat and stomach acid, and reaches the intestines, helping to maintain health and a clean feeling.

One packet contains the same amount of lactic acid bacteria as about 1 liter of yogurt!

Fat has doubled in the last 50 years! It's important to lose fat!

• It is known that fat is prone to accumulating radioactive substances and waste products!

• Taking allulose has the effect of burning fat and making it harder for you to gain weight even if you eat a high-fat diet!

The blessings of Lourdes have a great synergistic effect with Slim Salacia!

If you are concerned about your weight, take 3 tablets before each meal for 10 days. After that, continue to take 1-2 tablets before each meal.

If you are concerned about your health, take 1-2 tablets before each meal. It is more effective when used in combination with "High Concentration Silica Hydrogen Water Lourdes Blessings".

Contains 3 types of natural herbal ingredients and 2 types of mysterious marine ingredients!

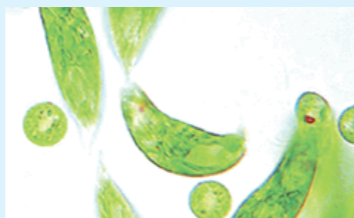

Superfood 「Spirulina」

It is a type of algae that has existed for approximately 3 billion years and is the king of superfoods, containing over 50 types of nutrients.

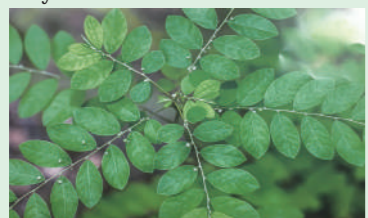

Euglena prevents obesity

It contains a lot of dietary fiber "paramylon", which boosts immunity and helps prevent obesity.

「Chanca Piedra」

This herb, whose name means "to crush stones," has been used since ancient times as a medicinal herb to remove stones from the body.

The miracle tree "Moringa"

It is also called the miracle tree because it contains a lot of alkaline ingredients. It is a herb ingredient that has a high anti-aging effect.

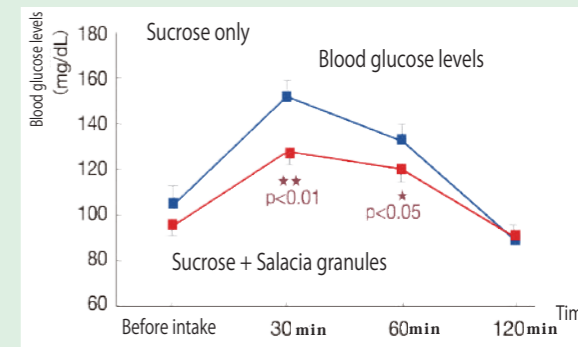

Salacia: Suppresses sugar absorption

Salacia is a plant that has been used since ancient times in India and other places, and has the effect of **strongly suppressing blood sugar levels** and preventing diabetes.

Suppresses the rise in blood sugar levels after meals!

The new common sense for maintaining a healthy and youthful body!

① Eating too much "sugar" (carbohydrates) is dangerous!

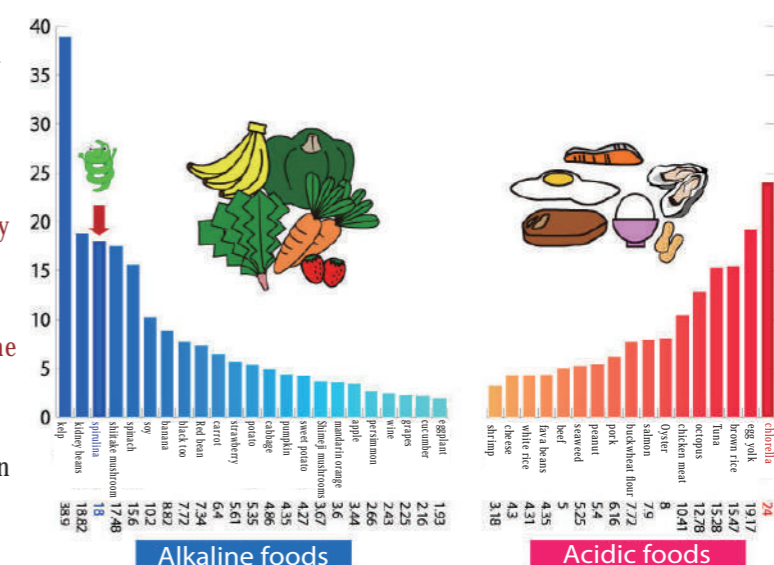

Carbohydrates provide 4 kcal of energy per gram, making them the most energy-efficient nutrient. They improve performance during exercise and suppress muscle breakdown, **but consuming too much can cause obesity.**

② It is important to make your body "slightly alkaline"!

The human body is about **70% water**, and when healthy, **bodily fluids** are kept slightly **alkaline** at about pH 7.4.

If you eat a lot of acidic foods such as meat and fish, your **body becomes more acidic**, your **metabolism slows down**, your **immune system weakens**, and the **aging process accelerates**.

Slim Salacia helps shift the pH balance in your body towards an alkaline one.

The world's first! The only supplement that fights viruses

Refiber Gold

- Diet Support
- Irregular Life
- Lack of Sleep
- Easy to get tired

Contains two patented ingredients: "ECORO-MH1"!

Marine Silt
Cleanses the oral environment.

Kumazasa bamboo extract
Helps reduce inflammation.

Pine bark extract
Virus removal

Virus prevention

Humanity's greatest enemy is the "virus"!

Protect yourself from the threat of the impending new infectious disease!

Obtained two patents for virus infection prevention and cancer cell suppression effects! "ECORO-MH1"

The patented ingredient "ECORO-MH1" is a natural ingredient extracted from pine cones, and has long been used as a folk remedy to suppress inflammation and have antibacterial properties. It is used as a panacea, has antiviral effects, and prevents viral infections by activating the immune system. Since "ECORO-MH1" is made from natural ingredients, it is easily affected by weather and environment, and only a very small amount is produced in high concentration and purity, making it a very valuable ingredient. It is manufactured under strict quality control and has earned a high reputation.

Pitfalls to a long and healthy life...oral environment is very important!

The deep connection between health and the intestinal environment is becoming clear, such as "diabetics are more likely to have periodontal disease." The inside of the mouth is essentially full of cells. By improving the oral environment, you can improve not only your health but also your whole body, including your beauty..

Prevent viruses from your mouth! Viruses are the cause of cancer!

The mouth is 14 times more susceptible to percutaneous absorption than normal, making it easier for harmful chemicals to enter the body, and viruses floating in the air can also enter the body through the mouth and nose. It is said that 20% of cancers, which affect about 40% of Japanese people, are caused by viruses. Because viruses are invisible, we can become infected and spread the disease unknowingly. It is very important to prevent viruses in our daily lives.

Contains "NMN," an ingredient proven by the latest genetic chemistry at Harvard University

The most sold in Japan

Contains additional whitening ingredients!

Great effect when used in combination with "High concentration silica hydrogen water, Blessing of Lourdes"!

Contains 7200mg of NMN

Yeast-derived NMN high purity 99% or more

Safe and secure domestic production

Manufactured in a GMP certified factory

Ecoro's unique ideal blend

Re-aging Plus®

Product No. 060

Price: 58,000 ¥

Content: 32.58g (362mg x 90 tablet)

MADE IN JAPAN

◆ Be careful about the manufacturing method of NMN raw materials!!
The chemical synthesis method of making NMN from petroleum is problematic overseas as it may cause cancer. However, in Japan it is not yet regulated and is sold as a matter of course.
Our products are manufactured using the yeast fermentation method.

- Take 3 to 6 tablets a day without chewing on an empty stomach or at bedtime with water or "High Concentration Hydrogen Water: The Blessings of Lourdes."
- After opening, close the lid tightly and store in a cool, dark place.

Achieves the ideal combination based on the body's functions!

There are many experiences that are beyond common sense!

NMN cannot be obtained through diet alone!

NMN is also found in small amounts in breast milk and green and yellow vegetables, but it decreases with age, and by the time you reach your late 50s, it is about half of what it was at age 20. It continues to decrease after that, and cannot be replenished by diet alone.

When you take Re-aging (3 tablets) a day...

Equivalent to 12kg

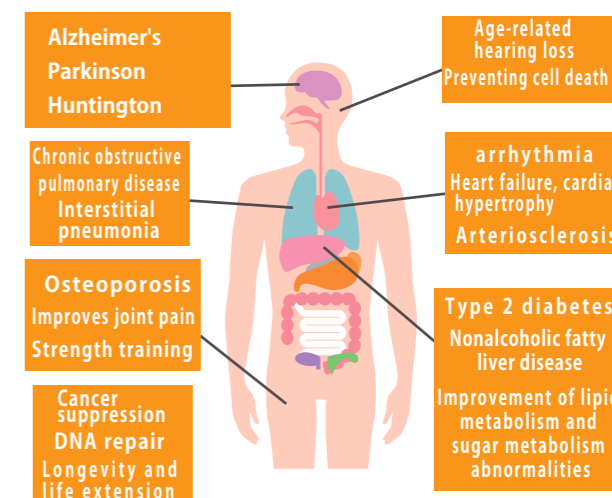

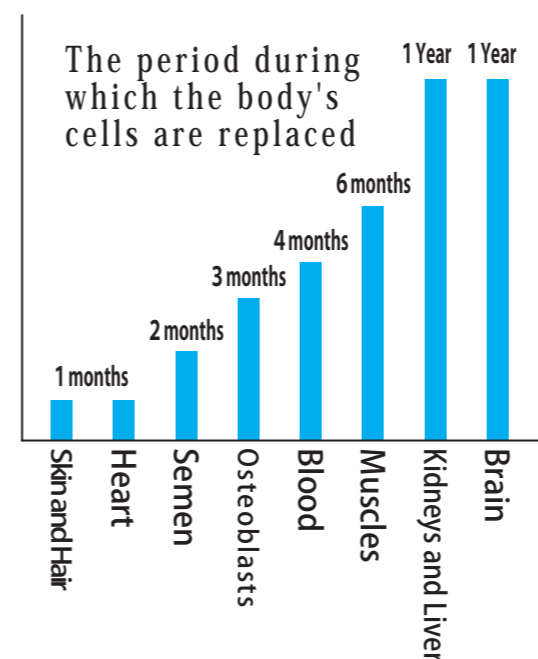

Equivalent to 14kg

Equivalent to 120 l

NMN is a component that activates all genes that control aging.

It takes about a year for your body to change! The latest research results have been reported!

NMN Fights Off Age-Related Diseases!

Re-Aging Plus: How to take it normally

- Take 3 to 6 tablets a day in the morning on an empty stomach with water or "High Concentration Hydrogen Water: The Blessings of Lourdes" without chewing.

moreover! The latest research results of NMN!

- To improve sleep problems and recover from fatigue, we recommend taking 1-2 tablets at bedtime.

[Caution!]

There are many counterfeit NMN supplements in circulation! Counterfeits are completely ineffective. It has been reported that 64% of supplements sold online are counterfeit. The key is that it is over 99% pure, produced domestically, and manufactured using the yeast fermentation method!

The difference between real salt that is healthy and real salt that is not!
Salt containing 70 types of minerals

Marine Premium Salt has different ingredients!

The salt sold in stores has no minerals!

✕ Table salt and rock salt

Table salt is **just sodium chloride** extracted from seawater.
Rock salt also loses its minerals over time, leaving **only sodium chloride!**

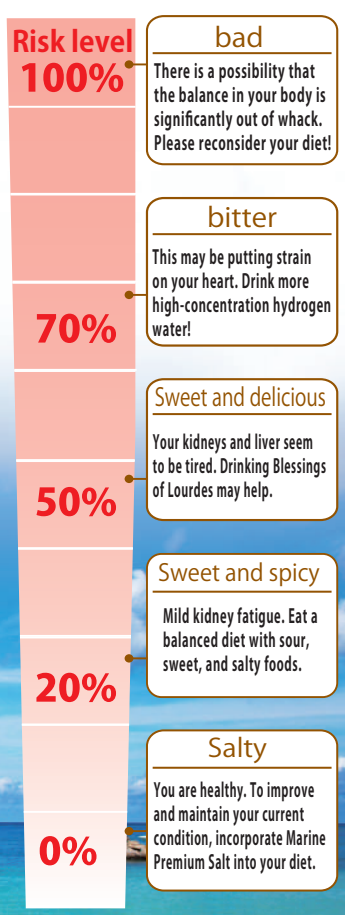

⊙ Marine Premium Salt

Seawater is dried in the sun, boiled in a flat pot and crystallized.
It is **rich in sea minerals** and **will not cause high blood pressure!**

Marine Premium Salt has a good mineral balance, so it is said **to neutralize the salt that causes high blood pressure** and keep blood pressure from rising.
It also warms the body, promotes blood circulation, and activates metabolism.

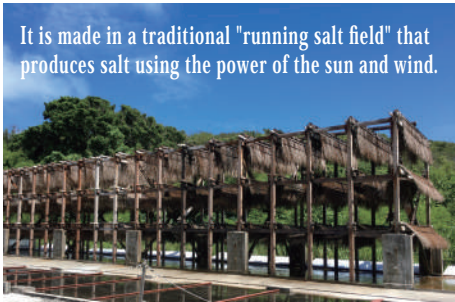

☑ With Marine Premium Salt
Check Your Health

The taste you get when you lick it can help you check your physical condition, especially the state of your internal organs.

Marine Premium Salt
<Radioactivity and water quality tested>
Product No. 190
Price: 1,100 ¥
Content:100g MADE IN JAPAN

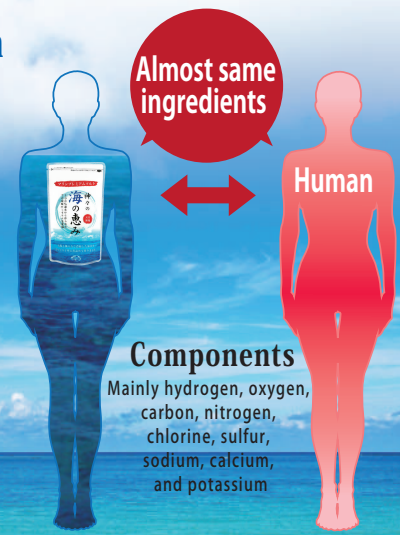

Vietnam Taiwan China Thailand

- <Recommended Usage>
- Put it in the bath and take an amniotic bath.
 - Great for cooking grilled fish, grilled meat, salted rice balls, and more!
 - Aromatherapy bath salts can be added to the bath with essential oils
 - Add a pinch of Lourdes Silica Hydrogen Water to help prevent heatstroke!

How to make an amniotic bath

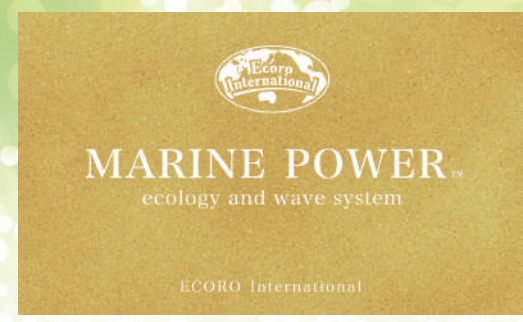

- Adding 2-3 tablespoons to your bath water will bring you to a mineral balance similar to that found in the womb, providing a sense of relaxation and recovery. It will help eliminate accumulated heavy metals and waste products and absorb necessary minerals.
- Dissolving 10g in 1 liter of water makes it similar to blood, making it perfect for rehydrating during exercise. Drinking one glass before bed and when you wake up will help you have a comfortable day.

Increase your frequency and luck!
You will be blessed with people and money!
All your wishes will come true!

Marine Power Card

(Front)

(Back)

6 months validity

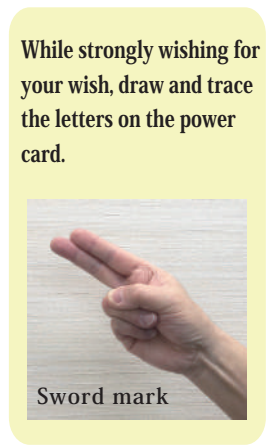

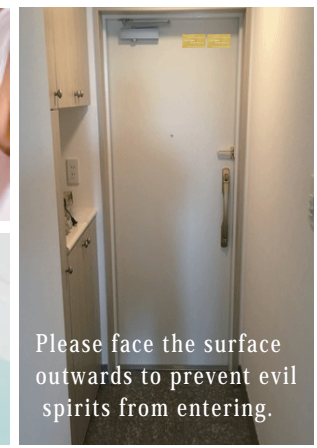

Value set

Marine Power Card (1 piece set)
Product No. 200
Price: 11,000 ¥

Marine Power Card (3 pieces set)
Product No. 202
Price: 33,000 ¥

Every time something good happens, rub the Power Card clockwise and whisper positive words like "Thank you" or "I'm so lucky."

Basically, you should wear one or two Marine Power Cards on your body.

NEW!
When I was jacking up a tire on my car, my fingers accidentally got crushed under the tire. **I thought my fingers might get amputated, but I was able to move them without breaking any bones.** Thank goodness I had two Power Cards in my pockets! (Male, 53, Wakayama Prefecture)

NEW!
I had given up on marriage because I couldn't find a partner, but then I met someone at a restaurant with a Power Card in my pocket, and **we got married!** (Tokyo, 34-year-old woman)

Since I started carrying a Marine Power Card in my wallet, one in my breast pocket, and one in my trousers, **I have met more good people around me and my network has changed!** I'm amazed! (Male, 50, Kumamoto Prefecture)

NEW!
I was involved in a chain reaction accident, and was hit from the front and rear. To my surprise, the people in the cars in front and behind were covered in blood and taken away in an ambulance, but **I was the only one unscathed.** Thank goodness I had a Power Card in my pocket. (Woman in her 60s, Osaka Prefecture)

I had one kidney removed due to kidney disease, and was on the verge of having difficulty urinating when I was about to start dialysis. But when I wrapped a Power Card around my belt and placed it over one of my kidneys, **I was surprised to find that I could urinate normally again!** (Woman in her 70s from Chiba Prefecture)

I had polyps in my intestines, but after I put the Power Card on my body and drank silica hydrogen water, **the polyps disappeared in about two weeks!** I'm amazed! (Woman, 68, Saga Prefecture)

「Hazardous Chemicals」Risk!

Many commercially available cosmetics, toothpaste, shampoos, conditioners, body soaps, and detergents contain many harmful chemicals, including synthetic surfactants and synthetic fragrances (fragrance hazards).

Without our knowledge, harmful chemicals accumulate in the body through the skin, weakening the immune system and thought to be the cause of diseases such as atopy, cancer, birth defects, brain disorders, asthma, and allergies.

Furthermore, it is said that if a woman is exposed to harmful chemicals during pregnancy, they can be passed on to the fetus through the placenta, causing congenital diseases.

Using products that contain harmful chemicals is very dangerous.

No allergenic ingredients! Hair dye that is gentle on the scalp and hair

Natural additive-free
hair color pure black

No diamines, preservatives, synthetic colorants, synthetic fragrances, disinfectants, or oxidizing agents used!

This is a medicated hair color that does not contain diamine dyes, which are carcinogenic and allergenic.

It contains amino acids and natural plant ingredients that repair damaged hair and make use of the bacteria that normally reside on the skin, leaving the scalp and hair healthy and beautiful.

Five points for beautiful hair

1. No harmful allergens or diamine dyes are used!
2. No oxidants are used, so it doesn't have a pungent odor!
3. Contains only natural ingredients, no preservatives, synthetic colorants, or synthetic fragrances
4. Includes gentle amino acids and Bifidobacteria on te hair and scalp!
5. Even people who are worried about allergies and those who don't dye their grey hair can use it safely.

Resin-based

Frankincense

Prevents aging skin!

Product No. 559
Price: 5,500 ¥
Content:10ml
MADE IN JAPAN

It has been used in religious ceremonies in various civilizations, such as ancient Egypt, Babylonia, and Hebrew. It can only be harvested in parts of the Arabian Peninsula, and was the most important trade commodity, with a value equal to that of gold. In the Middle Ages, it was used to prevent epidemics, as a disinfectant, and in cosmetics, and spread throughout the world.

Citrus

Lemongrass

Also for dog and cat odors!

Product No. 551
Price: 3,300 ¥
Content:10ml
MADE IN JAPAN

It has been used in India for thousands of years as a preventative medicine for fevers and infectious diseases. It is also called driver's essential oil and helps long-distance drivers recover from fatigue. It has excellent antibacterial and deodorizing effects, and prevents fleas and ticks, making it ideal for pet care.

| Effects, function | | How to use | |

A 100% natural mix of essential oils prevents herpes viruses, Staphylococcus aureus, and acne bacteria (bad bacteria) from entering through the mouth!

A comparative experiment was conducted to see whether the proliferation of harmful bacteria spread around absorbent cotton soaked in the ingredient (center of the petri dish).

No coating

is growing

Bacteria disappear
10 minutes
after application

Three plant-based active ingredients give you youthful, moisturized lips

Licorice

Prevents vertical wrinkles on the lips and improves roughness and inflammation!

Swertia japonica
extract

Highly effective for healthy, youthful looking lips

Olive Fruit Oil

Botanical oil that retains moisture and prevents dryness

Generates 1 trillion microbubbles per 10 liters!

The invisible ultra-fine bubbles change the water quality, penetrate deep into the fibers, and effectively remove harmful substances such as residual detergent and synthetic fragrances, as well as stubborn stains and odors.

Synergistic effect of Eco Clear Wash and SSB!

It is extremely effective when used in combination with Eco Clear Wash! The cleaning power is improved and yellowing is also removed! Towels are left fluffy and the unpleasant odor in the washing machine is also eliminated!

Experiment 1: Comparison of stain removal from clothes

Comparison of stain removal when soy sauce, ketchup, and coffee are applied to a T-shirt. Even stubborn stains are removed!

Experiment 2: Comparison of yellowing prevention for clothes

Comparison of yellowing stains on clothes after washing repeatedly with tap water and nanobubble water for one year. Keeps clothes cleaner than tap water!

Experiment 3: Comparing towel finishes

We compared the finish of towels that were washed, beaten 10 times, and air-dried indoors for 12 hours. The towels came out fluffier than those washed with tap water.
